Hey r/mauritius, . So, like all of you, I am stuck in lockdown and spending way too much time on reddit. I saw recently an article (r/worldnews or r/futurology) about Singapore going with floating solar to power its electrical grid. For those who do not know, floating solar is just putting solar panels on a floating structure on a body of water, whether a lake or at sea.

We ambition ourselves to become one of the top suppliers in the the area, and we firmly believe that solar flood lights and Solar Energy Equipment do have a very bright future in Mauritius being the gateway to Africa and Asia. Dealing in Solar Flood light, Solar panels, Solar batteries, Solar panes and accessories.
